

Centre for Cambridge International Diploma in Teaching and Learning

APL Global is an accredited centre for the Cambridge International Diploma in Teaching and Learning (CIDTL), a professional development qualification offered by Cambridge Assessment International Education. For over a decade, APL Global has been facilitating both the Certificate and Diploma in Teaching and Learning.

This internationally recognised professional development qualification (PDQ) prepares teachers to elevate their skills. They learn to become adept at creating differentiated classroom experiences for their students.

This program can transform a teacher into a reflective practitioner who is self-aware and inclusive in their approach to teaching.

This learning experience will be relevant for educators from any Board of Examinations i.e., CBSE, ICSE, Cambridge or any other.

At APL Global the teacher-candidates receive a personalised approach to professional development under the able guidance of an experienced programme leader, qualified mentors, and a team of expert facilitators.

Registration: The centre is open for registration throughout the academic year.

Course duration: A personalised program, including timeline, will be created based on the candidate's requirement.
